About InvenTrust Properties Corp.

InvenTrust Properties Corp. ("we," the "Company," "our," "us," "IVT" or "InvenTrust") is a premier Sun Belt, multi-tenant essential retail REIT that owns, leases, redevelops, acquires and manages grocery-anchored neighborhood and community centers as well as high-quality power centers that often have a grocery component. The enclosed information should be read in conjunction with our filings with the U.S. Securities and Exchange Commission ("SEC"), including, but not limited to, our Form 10-Qs filed quarterly and Form 10-Ks filed annually. Additionally, the enclosed information does not purport to disclose all items required under Generally Accepted Accounting Principles ("GAAP"). The information provided in this supplemental is unaudited and includes non-GAAP measures (as discussed below), and there can be no assurance that the information will not vary from the final information in the Company's Form 10-Q for the quarter ended June 30, 2023. IVT may, but assumes no obligation to, update information in this supplemental.

Forward-Looking Statements Disclaimer

Forward-Looking Statements in this supplemental, which are not historical facts, are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements, including statements about the Company's 2023 guidance, tenant demand for our centers, strength of our platform position, and expected timing and payment of dividends, or regarding management's intentions, beliefs, expectations, representations, plans or predictions of the future, are typically identified by words such as "may," "could," "expect," "intend," "plan," "seek," "anticipate," "believe," "estimate," "predict," "potential," "continue," "likely," "will," "would," "outlook," "guidance," and variations of these terms and similar expressions, or the negative of these terms or similar expressions. Such forward-looking statements are necessarily based upon estimates and assumptions that, while considered reasonable by us and our management, are inherently uncertain. The following factors, among others, could cause actual results and financial position and timing of certain events to differ materially from those described in the forward-looking statements: interest rate movements; local, regional, national and global economic performance; the impact of inflation on the Company and on its tenants; competitive factors; the impact of e-commerce on the retail industry; future retailer store closings; retailer consolidation; retailers reducing store size; retailer bankruptcies; government policy changes; the effects and duration of the COVID-19 pandemic; and any material market changes and trends that could affect the Company's business strategy. For further discussion of factors that could materially affect the outcome of our forwardlooking statements and our future results and financial condition, see the Risk Factors included in our most recent Annual Report on Form 10-K, as updated by any subsequent Quarterly Report on Form 10-Q, in each case as filed with the Securities and Exchange Commission. InvenTrust intends that such forward-looking statements be subject to the safe harbors created by Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, except as may be required by applicable law. We caution you not to place undue reliance on any forward-looking statements, which are made as of the date of this supplemental. We undertake no obligation to update publicly any of these forward-looking statements to reflect actual results, new information or future events, changes in assumptions or changes in other factors affecting forward-looking statements, except to the extent required by applicable laws. If we update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements.

Notice Regarding Non-GAAP Financial Measures

In addition to GAAP measures, this supplemental contains and refers to certain non-GAAP measures. We do not consider our non-GAAP measures included in the Glossary of Terms to be alternatives to measures required in accordance with GAAP. Certain non-GAAP measures should not be viewed as an alternative measure of our financial performance as they may not reflect the operations of our entire portfolio, and they may not reflect the impact of general and administrative expenses, depreciation and amortization, interest expense, other income (expense), or the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties that could materially impact our results from operations. Additionally, certain non-GAAP measures should not be considered as an indication of our liquidity, nor as an indication of funds available to cover our cash needs, including our ability to fund distributions, and may not be a useful measure of the impact of long-term operating performance on value if we do not continue to operate our business in the manner currently contemplated. Accordingly, non-GAAP measures should be reviewed in connection with other GAAP measurements, and should not be viewed as more prominent measures of performance than net income (loss) or cash flows from operations prepared in accordance with GAAP. Other REITs may use different methodologies for calculating similar non-GAAP measures, and accordingly, our non-GAAP measures may not be comparable to other REITs. Reconciliations of our non-GAAP measures to the most directly comparable GAAP financial measures are included in this supplemental on pages 6 and 7 and definitions of our non-GAAP measures are included in the Glossary of Terms on page 19.

Introductory Notes

Pro Rata Financial Information

As of December 31, 2022, the Company owned a 55% interest in IAGM Retail Fund I, LLC ("IAGM" or "JV"), a joint venture partnership between the Company and PGGM Private Real Estate Fund ("PGGM"). IAGM was formed on April 17, 2013 for the purpose of acquiring, owning, managing, and disposing of retail properties and sharing in the profits and losses from those retail properties and their activities. As of December 31, 2022, IAGM was the Company's sole joint venture and was unconsolidated.

On January 18, 2023, the Company acquired the four remaining retail properties from IAGM for an aggregate purchase price of \$222.3 million by acquiring 100% of the membership interests in each of IAGM's wholly owned subsidiaries. The Company assumed aggregate mortgage debt of \$92.5 million and funded the remaining balance with its available liquidity.

Throughout this supplemental, where indicated as "pro rata" the Company has included the results from its ownership share of its joint venture properties when combined with the Company's wholly owned properties, defined as "Pro Rata," with the exception of property and lease count, for the three and six months ended June 30, 2022 and as of December 31, 2022. As of June 30, 2023, as a result of the Company's acquisition of the remaining IAGM properties, net assets of IAGM were \$6.9 million, inclusive of cash and cash equivalents of \$10.4 million, which has been included as part of Pro Rata Cash.

The presentation of pro rata financial information has limitations as an analytical tool, which include but are not limited to: (i) amounts shown on individual line items were calculated by applying our overall economic ownership interest percentage determined when applying the equity method of accounting, and may not represent our legal claim to the assets and liabilities, or the revenues and expenses; and (ii) other REITs may use different methodologies for calculating their pro rata interest. Accordingly, pro rata financial information should be reviewed in connection with other GAAP measurements, and should not be viewed as more prominent measures of performance than net income (loss) or cash flows from operations prepared in accordance with GAAP. For additional detail regarding our JV properties, see the Company's Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, in each case as filed with the SEC.

2023 GUIDANCE

InvenTrust has updated its 2023 guidance, as summarized in the table below.

(Unaudited, dollars in thousands, except per share amounts)	Current	Previous			
Net Income per diluted share (1)	\$0.06 — \$0.11	\$0.06 — \$0.11			
NAREIT FFO per diluted share (2)	\$1.64 — \$1.69	\$1.64 — \$1.69			
Core FFO per diluted share	\$1.61 — \$1.64	\$1.59 — \$1.64			
Same Property NOI ("SPNOI") Growth	4.00% — 5.00%	3.50% — 5.00%			
General and administrative	\$31,250 — \$32,750	\$31,250 — \$32,750			
Interest expense, net (3)	\$34,000 — \$34,500	\$34,500 — \$35,500			
Adjustments for uncollectibility (4)	50 bps — 150 bps	50 bps — 150 bps			
Net investment activity (5)	~ \$150,000	~ \$150,000			

The Company's 2023 Guidance contemplates the following assumptions:

- · Excludes effects from potential acquisitions or dispositions.
- Excludes any items that impact NAREIT FFO comparability, including loss on debt extinguishment, non-routine or one-time items of which, in our judgement, are not pertinent to measuring on-going operating performance.
- Includes an expectation that some tenants will move from the cash basis of accounting to the accrual basis of accounting, which can result in volatility in straight-line rental income adjustments.

In addition to the foregoing assumptions, the Company's 2023 Guidance incorporates a number of other assumptions that are subject to change and may be outside the control of the Company. For example, the Company's guidance is inclusive of prior period rent that the Company anticipates collecting. If actual results vary from these assumptions, the Company's expectations may change. There can be no assurances that InvenTrust will achieve these results.

The following table provides a reconciliation of the range of the Company's 2023 estimated net income per diluted share to estimated NAREIT FFO and Core FFO per diluted share:

(Unaudited)	Lo	w End	Hi	gh End
Net income	\$	0.06	\$	0.11
Depreciation and amortization related to investment properties		1.59		1.59
Gain on sale of investment properties, net		(0.01)		(0.01)

Adjusting items, net (a)		0.07		0.05
Core FFO Applicable to Common Shares and Dilutive Securities	\$	1.61	\$	1.64

⁽a) Adjusting items, net, are primarily amortization of debt discounts and financing costs, depreciation and amortization of corporate assets, and non-operating income and expenses, net, which includes items which are not pertinent to measuring on-going operating performance, such as basis difference recognition arising from acquiring the four remaining properties of our joint venture, and miscellaneous and settlement income.

The Company does not provide a reconciliation of forward-looking SPNOI to forward-looking GAAP Net Income within this press release because the Company is unable, without making unreasonable efforts, to provide a meaningful or reasonably accurate calculation or estimation of certain reconciling items which could be significant to our results.

⁽¹⁾ Net Income per diluted share excludes effects from potential acquisitions or dispositions.

⁽²⁾ NAREIT FFO per diluted share:

⁽³⁾ Interest expense, net, excludes amortization of debt discounts and financing costs, and expected interest income of \$1.5 million to \$2.5 million.

⁽⁴⁾ Adjustments for uncollectibility are reflected as basis points of expected total revenue.

⁽⁵⁾ Net investment activity represents anticipated acquisition activity less disposition activity.

Interest Rate Swaps

The Company is party to four interest rate forward swap agreements, which address the periods between the maturity dates of the four effective swaps and the maturity dates of the Amended Term Loan Agreement. In tandem, the interest rate swaps effectively fix the interest rates for a constant notional amount through the maturity dates of the Amended Term Loan Agreement.

On January 18, 2023, the Company acquired IAGM's two interest rate swap agreements, which achieve fixed interest rates on an aggregate notional amount of \$75.0 million of the assumed pooled mortgage, each priced in 1-Month Term SOFR.

On March 16, 2023, the Company entered into one interest rate swap agreement with a notional amount of \$100.0 million at 3.69%, achieving an all-in fixed interest rate of 4.99%. As of the effective date of April 3, 2023, the entirety of the Company's variable rate term loans was swapped to fixed rates through the maturity dates of the Amended Term Loan Agreement.

Terms	Definitions
ABR Per Square Foot (ABR PSF)	ABR PSF is the ABR divided by the occupied square footage for that period.
Adjusted EBITDA	Our non-GAAP measure of Adjusted EBITDA excludes gains (or losses) resulting from debt extinguishments, straight-line rent adjustments, amortization of above and below market leases and lease inducements, and other unique revenue and expense items which some may consider not pertinent to measuring a particular company's on-going operating performance. Adjustments for our unconsolidated joint venture is calculated to reflect our proportionate share of the joint venture's Adjusted EBITDA on the same basis.
Annualized Base Rent (ABR)	Annualized Base Rent (ABR) is the base rent for the period multiplied by twelve months. Base rent is inclusive of ground rent and any abatement concessions, but excludes Specialty Lease income.
Anchor Tenant	Tenants with square footage greater than or equal to 10,000 square feet are considered Anchor Tenants.
Community Center	Community Centers are generally open air and designed for tenants that offer a larger array of apparel and other soft goods. Typically, community centers contain anchor stores and other national retail tenants.
Comparable Lease	A Comparable Lease meets all of the following criteria: terms greater than or equal to one year, unit was vacant less than one year prior to executed lease, square footage of unit remains unchanged or within 10% of prior unit square footage, and has a rent structure consistent with the previous tenant.
Earnings Before Interest, Taxes, Depreciation, and Amortization (EBITDA)	Our non-GAAP measure of Earnings Before Interest, Taxes, Depreciation, and Amortization (EBITDA) is net income (or loss) in accordance with GAAP, plus federal and state tax expense, interest expense, net, and depreciation and amortization. Adjustments for our unconsolidated joint venture are calculated to reflect our proportionate share of the joint venture's EBITDA on the same basis.
Economic Occupancy	Upon Rent Commencement Date, the percentage of occupied GLA divided by total GLA. For purposes of calculating occupancy, Specialty Lease GLA is deemed vacant.
GAAP Rent Adjustments	GAAP Rent Adjustments consist of straight-line rent adjustments, amortization of market lease intangibles, and amortization of lease incentives.
Gross Leasable Area (GLA)	Measure of the total amount of leasable space at a property in square feet.
Leased Occupancy	Economic Occupancy plus the percentage of signed and not yet commenced GLA divided by total GLA.
NAREIT Funds From Operations (NAREIT FFO) and Core FFO	Our non-GAAP measure of NAREIT Funds from Operations ("NAREIT FFO"), based on the National Association of Real Estate Investment Trusts ("NAREIT") definition, is net income (or loss) in accordance with GAAP, excluding gains (or losses) resulting from dispositions of properties, plus depreciation and amortization and impairment charges on depreciable real property. Adjustments for our unconsolidated joint venture is calculated to reflect our proportionate share of the joint venture's NAREIT FFO on the same basis. Core Funds From Operations ("Core FFO") is an additional supplemental non-GAAP financial measure of our operating performance. In particular, Core FFO provides an additional measure to compare the operating performance of different REITs without having to account for certain remaining amortization assumptions within NAREIT FFO and other unique revenue and expense items which some may consider not pertinent to measuring a particular company's on-going operating performance.
Neighborhood Center	Neighborhood Centers are convenience oriented with tenants such as a grocery store anchor, a drugstore, and other small retailers.
Net Debt-to-Adjusted EBITDA	Net Debt-to-Adjusted EBITDA is Pro Rata net debt divided by Adjusted EBITDA on a trailing twelve month basis.

Power Center	Power Centers consist of category-dominant anchors, such as discount department stores, off-price stores, or wholesale clubs, with only a few small shop tenants.
Prior Contractual Rent	Base rent charged for a particular unit, prior to the current term's first year rent. If the prior lease terminated prior to the contractual expiration date, the prior contractual rent amount is the rent charged in the final month of occupancy.
Pro Rata	Where appropriate, the Company has included the results from its ownership share of its joint venture properties when combined with the Company's wholly owned properties, defined as "Pro Rata," with the exception of property and lease count, for the three and six months ended June 30, 2022. Pro Rata Cash includes IVT's share of the cash and cash equivalents held at the joint venture as of June 30, 2023.

Small Shop Tenant	Tenants with square footage less than 10,000 square feet are considered Small Shops.
Specialty Lease	Specialty leasing represents leases of less than one year in duration for inline space and includes any term length for a common area space, and is excluded from the ABR and leased square footage figures when computing the ABR per square foot.
